

**PERSONAL
BRAND
STATEMENT*****Data analyst with a passion for innovation, data analysis and keeping it fun!***

With a background in public service, facility management, and leadership of multi-level teams as well as extensive training in both leadership and data analytics through the Leadership Intensive program by The Changing Point and the University of Kansas Data Analytics boot camp respectively, I would make a great addition to any team. Acquired skills in: advanced Excel, Tableau, PowerBI, Python, Pandas, API calls, SQL, Java Script, flask app, and Machine Learning.

I enjoy a good problem needing solved and love to utilize data to tell the story. I am a proven innovator in my career with a 'can-do' mindset; always searching for new and better solutions.

EXPERIENCE**CivicPlus: September 2020 – PRESENT****Project Manager / Implementation Consultant: November 2021 – Present**

Responsible for assisting internal stakeholders in understanding the client need, interpreting that need, identifying the proper solution, and managing the steps required to directly fulfill that need.

API Product Integrations

Plan, design, code and implement API integrations with 3rd party products.

Financial Exports

Identify need, scope project, and build export file from CivicRec product to be used with various financial products.

Subject Matter Expert

Responsible for maintaining and acquiring further product knowledge, documentation of processes both internal and external, and acting as liaison between multiple internal divisions. Offer technical advice and present product solutions to both internal and external stakeholders.

Project Manager / Implementation Consultant: September 2020 – November 2021

Responsible for the successful and timely implementation of the CivicPlus software, CivicRec, for municipal governments across the U.S.

Software Implementation with Parks & Recreation Consultation

With a dedicated focus on client success, I bring over 15 years of experience in the Parks & Recreation, public sector to: establish rapport and positive relationships, the ability to understand the clients' needs, and tactfully address challenges and concerns, all while maximizing the client's productivity and satisfaction.

In my role as an Implementation Consultant, I focus on the CivicRec tool that is just one of many aspects of the CivicPlus' suite of products. CivicRec provides a comprehensive solution for effective civic management of patrons of Parks and Recreation Departments. I help coach and implement tailored technology with deep local government expertise in a powerful way. Helping deliver thoughtful solutions that improve the dynamics between people, process and structure. I work closely with Parks and Recreation Departments in so that they can work closer with the people who count on them.

City of Lenexa Parks & Recreation: April 2016 – September 2020**Rec Center Manager: April 2016 – September 2020**

Serve as the day-to-day operations manager of a 100,000 sq./ft. Recreation Center and lead a team of 7 full-time Parks and Recreation professionals. Create and implement facility policies and procedures, facility budget preparation and monitoring, all data tracking for the facility, development of capital replacement and scholarship plans, coordination of a variety of recreational programs and services, and hiring, training and supervision of all facility staff.

Facility Grand Opening

Responsible for Grand Opening of facility that included a highly successful Charter Membership drive with acquisition of over 2,000 members on a goal of 900. In addition, planned and executed an open house event to acclimate users to the new facility.

Business Data Tracking

Developed tracking mechanism for all business data using Microsoft PowerBI. Tracking document consists of multiple power queries and pivot tables to help determine key metrics in a timely fashion.

Team Development

Hired a team 7 full-time employees and 100+ part-time employees. Development of a 'fun' culture and excellent customer service skills.

Cross Functional Collaboration

Work with a variety of City departments to achieve successful project results; primarily Human Resources, Finance, and Communications. Projects include:

- On-boarding of 80+ team members and improvement of hiring/payroll processes.
- Rec Center Pro Forma and ultimate budget creation.
- Strategic plan around Rec Center social media, website design, and general marketing materials.
